

'YOU' SALUTE'S THE LABOURERS

*We raise our necks to a great extent
to admire the skyline for which millions were spent
But barely do we try and bend
to see the miseries of those at the bitter end*

As we sit back in air-conditioned rooms or put off our outdoor errands to escape the scorching heat of Dubai, little do we realize that this is a way of life for an unaccounted part of the population.

We admire, praise and discuss the progress of the city's infrastructure but we stay oblivious to the miseries of those who have spent countless days and nights of their life to build this shelter for us.

Our goal is to 'Make A Difference' and at 'YOU', we believe we have made a difference if each of us takes responsibility in contributing in any way that we can.

Let us take the initiative by joining hands and work together for the 'Salute to the Labourers' Drive.

**'Bring a smile to a Labourer's face
By filling happiness in that empty space'**

We join hands with UAE-based organization 'Helping Hands' to help brighten the lives of these brave men who toil in soaring temperatures of up to 50 degrees Celsius on an average of 14 hours a day mostly 7 days a week. While each of us can contribute by providing items of great use to them, Helping Hands will take the responsibility of making sure these necessities reach those needy men.

'MAKE A DIFFERENCE' to their lives.
