

# YOU News

As we bid 2008 farewell we realize the concluding year was a significant one. A year filled with...

**Achievements for many but letdowns for some, Opportunity for many but unlikelihood for some  
Health for many but sickness for some, Joy for many but anguish for some**

**At YOU, we resolve to change this.**

Our resolution for 2009 is **plain and powerful**.  
Peace needed by all and uproar created by none!

We as 'Ambassadors of Goodness' promise to contribute in every possible way to create a society filled with love, happiness and brotherhood.

On this note, we start 2009 by wishing each and every one a  
**Happy, Successful and Prosperous New Year.**

The year 2008...

It was a year filled with learning and fun for all our members. Through various workshops our members acquired skills to enable them to be more confident, give them the ability to deal with situations better and work towards creating a dynamic personality required in these demanding times.

The year 2009...

Our motto remains the same – **EDUCATION & ENJOYMENT.**

Our volunteers have spent a significant amount of time reviewing every feedback form received to put together workshops that have been tailored to your requirements. A review of aspects that have been looked into...

- ✎ Workshop hours have been reduced
- ✎ There will be more speaker – member interaction at workshops
- ✎ They will include games and activities relevant to the day's topic
